The Board has now issued its Notice of Application (the “Notice”) with respect to the above noted application (the “Application”).

You are directed:

- 2) To immediately serve a copy of the Notice, the location map and a copy of the Application, either personally, by courier, or by registered mail on:

 - b. All owners and operators of rail lines, telecommunications (e.g. telephone) or other utilities along or crossing the routes proposed for the project;
 - c. All parties identified in the affidavit of title;
 - d. Clerks of the City of Kingston and the County of Frontenac;

- e. All Aboriginal groups, including Native Bands and Reserves that could be affected by the project; and
 - f. The following Provincial Government ministries and agencies:
 - Ministry of Energy and Infrastructure;
 - Ministry of the Environment;
 - Ministry of Aboriginal Affairs; and
 - Ministry of Transportation.
- 4) To immediately have the Notice and location map, headed with the Ontario Government logo and the words "Ontario Energy Board", to be published in English in one issue of the local newspapers having, according to the best information available, the highest paid circulation, in the City of Kingston.
- Note A**
Please make it clear to the newspaper(s) that the invoice regarding publication is to be sent to you, and not to the Board.
- 5) To file with the Board affidavit evidence proving the above service and publication immediately upon completion, with the relevant Notices, Application and location map, and original post office registration receipts (where applicable), or courier delivery confirmation lists attached as appendices.
- Note B**
It is not necessary for the affidavits of publication to have newspaper tear sheets attached.
- Note C**
The affidavits of service referred to above must confirm that the Municipal Clerks served are the clerks of all affected municipalities, that the Native Bands and Native Reserves served are all of the Bands and Reserves affected, that the utilities and railway companies served are all utilities and railway companies whose lines would be crossed by the proposed pipeline, and that the property owners and encumbrancers and encumbrancees so served are all owners and encumbrancers and encumbrancees affected by the proposed construction.
- 6) To immediately make copies of the Application, the project information package and any additional materials, as developed, available for convenient public perusal at the offices of Union Gas Limited and to post all such documents on the website of Union Gas Limited.
- 7) To immediately provide a copy of the Application to any person upon request.
