2 Interpretation

- 2.1 In this Licence, words and phrases shall have the meaning ascribed to them in the Act or the Electricity Act. Words or phrases importing the singular shall include the plural and vice versa. Headings are for convenience only and shall not affect the interpretation of the Licence. Any reference to a document or a provision of a document includes an amendment or supplement to, or a replacement of, that document or that provision of that document. In the computation of time under this Licence, where there is a reference to a number of days between two events, they shall be counted by excluding the day on which the first event happens and including the day on which the second event happens and where the time for doing an act expires on a holiday, the act may be done on the next day that is not a holiday.

3 Authorization

- 3.1 The Licensee is authorized, under Part V of the Act, to exercise its powers and perform its duties under the Act or under the Electricity Act subject to the terms and conditions set out in this Licence.
- 3.2 The Licensee is authorized to require licensed distributors to enter into an agreement with the Licensee. The agreement shall set out the respective roles and responsibilities of the distributor and the Licensee in relation to metering and the information required to be exchanged to allow for the conduct of these respective roles and responsibilities. The agreement must be approved by the Board before the Licensee can require licensed distributors to sign the agreement.

4 Obligation to Comply with Legislation, Regulations and Market Rules

- 4.1 The Licensee shall comply with all applicable provisions of the Act, the Electricity Act, and the Regulations.
- 4.2 The Licensee shall comply with all applicable Market Rules.

5 Rates

6 Non-Discriminatory Access

- 6.1 The Licensee shall provide and promote non-discriminatory access by distributors, retailers, the Ontario Power Authority, and other persons to the Licensee's:

- 7.2 The Licensee shall maintain proper books of account and adhere to generally accepted accounting practices, and shall maintain such financial records or accounts as the Board may require. The Licensee shall notify the Board of any material change to its accounting procedures.
