2009 Distribution Rates
Innisfil Hydro Distribution Systems Limited
Board staff comments on the draft Rate Order
April 20, 2009

Innisfil Hydro Distribution Systems Limited ("Innisfil") filed a draft Rate Order on April 15, 2009. Board staff has reviewed Innisfil's draft Rate Order and is seeking clarification in the following areas:

Load Forecast – Methodology and Model (Page 3)

Innisfil has provided a table on page 3 which shows the load forecast due to the loss factor adjustment. Please provide a summary of the forecast data in kW and kWh per applicable rate class similar to the table shown in Exhibit 3/ Tab2/ Schedule 3/ page 12 of Application.

Revenue to Cost Ratios (Page 22)

In the bullets at the top of the page, one of the references to streetlights should be to sentinel lights.

The table in the middle of the page is missing the information for sentinel lights and USL.

The table at the bottom of the page is missing the information for USL.

Monthly Fixed Charges, Fixed/Variable Proportion (Page 23)

Please clarify whether the information outlined in the Column titled "2009 Test Year Annualized Customers/Connections" is accurate.

Retail Transmission Rates (Page 24)

The table at the top of the page is missing the information for sentinel lights and USL.

Deferral and Variance Accounts (Page 24)

The table in the middle of the page is missing the information for the quarterly interest rates per rate application.

Deferral and Variance Accounts (Page 26)

The proposed rate riders are missing.

Tariff of Rates and Charges

Board staff notes that the descriptions of service classifications in the draft Rate Order match the 2008 rate order, but they are different from those provided in the application.
