Dear Mr. Moran:

Re: Union Gas Limited and Enbridge Gas Distribution Inc.
2008 Rates Application
Board File Nos. EB-2007-0606 / EB-2007-0615

**Notice of Intervention of the Association of Power Producers of Ontario
("APPrO")**

This is to acknowledge receipt of your late intervention dated July 25, 2007 in the above matter and to confirm your status as an intervenor, subject to your acceptance of the record to date as it stands and Union and Enbridge's right of reply to your request within 10 days of the mailing of this letter.

Although APPrO is not normally eligible for cost awards under section 3.05 of the Board's Practice Direction on Cost Awards (the "Practice Direction"), the Board will grant APPrO cost eligibility in this proceeding. The Board will allow APPrO to be eligible for costs in this proceeding because APPrO is representing the direct interests of consumers in relation to rates for regulated services. However, the Board expects APPrO to coordinate its participation with other customer groups with similar interests, and the Board will take this factor, as well as all other factors identified in the Practice Direction, into consideration when assessing APPrO's cost claim.

Yours truly,
