

**CLARIFICATION INTERROGATORIES FOR GREATER SUDBURY HYDRO INC.**

**From the Consumers Council of Canada**

3. Re: Board Staff 15

Sudbury has indicated that the 2008 Forecast of Other Distribution Revenue, which includes Late Payment Charges, Specific Service Charges and Other Distribution Revenue is based on the actual balance up to September 30 extrapolated to the end of the year. Please provide the actual 2008 amount for each category of Other Distribution Revenue.

4. Re: Board Staff 16

Please provide a detailed description of the activities in 2009 related to smart metering and the smart grid referred to in this answer. Please provide a detailed budget for each initiative, including all assumptions. With respect to the smart grid expenditures, has there been a business case developed? If so, please provide a copy.

Re: Board Staff 31

The answer states that “Any perceived reduction in capital expenditure requirements forecast as a result of the significant downturn in the economic activity will be more than offset by the requirements of the Green Energy Act. Please identify all 2009 capital expenditures arising out of the Green Energy Act included the budget.

5. Re: VECC 7

Does Sudbury still expect the CIS “go live” date to be October 2009? If not, what is the new expected date?

6. Re: VECC 31

Sudbury has indicated that it has not done any rate mitigation for low volume customers. If the Board ordered Sudbury to minimize the rate impacts on these customers how would Sudbury propose to do that?
