**Conditions of Approval – Interim Monitoring Report**

In accordance with the Ontario Energy Board's Decision issued on July 11, 2009, the conditions of approval required Enbridge to file an interim monitoring report for the project 6 months after the in-service date. The in-service date for the Alfred-Plantagenet project was October 30, 2008 and would require Enbridge to file the report by April 30, 2009.

To account for the short growing season, Enbridge respectfully requests a one month extension for the interim monitoring report to allow for additional growth.

If you have any questions, please contact the undersigned.
