Dear Ms. Walli:

EB-2008-0401 – Toronto Hydro-Electric System Application for Recovery of Amounts related to CDM Activities – Hydro One Networks Observer Request

In response to the Ontario Energy Board's April 8, 2009 Notice of Application for the Toronto Hydro-Electric System Application for Recovery of Amounts related to CDM activities, Hydro One Networks Inc. ("Hydro One") is applying for observer status in the above-noted proceeding. Hydro One intends to review Board issued documents it will receive as an observer and may in addition obtain Toronto Hydro filings from the Ontario Energy Board's Regulatory Electronic Submission System in order to monitor this proceeding.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is a major stakeholder in the Ontario energy sector and a regulated Ontario electricity distributor and transmitter. Hydro One Networks is – like Toronto Hydro – a large electricity distributor actively engaged in Conservation and Demand Management (CDM) and is therefore interested in the Board's review and decision on this Application.

Hydro One requests that documents issued by the Board in this proceeding be served as follows –
