RE: Federation of Rental-housing Providers of Ontario (FRPO) Submissions EB-2008-0106

The Federation of Rental-Housing Providers of Ontario are appreciative of the opportunity to submit its views formed as a welcomed participant in the proceeding examining natural gas issues for the benefit of all stakeholders. While we have brought experienced consideration of and involvement in all issues in the proceeding, we have focused our submissions on the areas of Load Balancing and Cost Allocation in the hopes of promoting continued evolution of the gas market for the benefit of all participants. We trust that our input is helpful in its deliberations to render a decision that is in the public interest.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
DR QUINN & ASSOCIATES LTD.
