

17 May 2009

Ms. Kirsten Walli, Board Secretary
Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, 27th Floor
Toronto, ON
M4P 1E4

Dear Ms Walli:

Re: EB-2008-0150 LEAP Conservation Working Groups – GEC Nomination

The Green Energy Coalition (GEC) hereby nominates Mr. Kai Millyard and seeks cost award eligibility for his participation on the LEAP Conservation Working Group.

GEC is a regular cost-eligible intervenor before the Board on DSM and CDM matters and has been an advocate for low income DSM and CDM programs and objectives. Mr. Millyard has been active in numerous cases involving low income program design and shareholder incentives, routinely acting as research director in these interventions.

Mr. Millyard also has experience designing low income DSM and CDM programs including work on the design and evaluation of pilot programs in Ontario funded by the OPA. Mr. Millyard has also been a program designer, trainer and quality control and evaluation manager for federally funded home audit programs delivered in Ontario by non-profit organizations.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Poch', with a stylized flourish at the end.

David Poch
