Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, Ontario

Dear Ms. Walli:

Re: London Hydro Inc.:EB-2008-0235

We are writing on behalf of our client, the School Energy Coalition (SEC) in response to Procedural Order #2 in the above-captioned proceeding, in which the Board sought submissions from the parties regarding whether an oral hearing is necessary in the proceeding.

SEC concurs with other intervenors, such as VECC, LPMA and Energy Probe, who have indicated they do not believe an oral hearing is necessary.

However, SEC believes a settlement conference may be beneficial in this case. In previous 2009 cost of service proceedings we have indicated that, given the size of the utility, a settlement conference may not be cost effective. However, in London Hydro's case we believe given its size that a settlement conference may be a cost effective way of narrowing or possibly eliminating the number of issues that need to be addressed in final written submissions.

All of which is respectfully submitted.

GREAT LAKES

Yours very truly,
