IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S. O.
1998, c.15, Schedule B;

AND IN THE MATTER OF an application by Hydro One
Networks Inc. for an Order granting leave to construct new
transmission lines and facilities for the Lower Mattagami
reinforcement Project.

PROCEDURAL ORDER NO. 1

An application dated April 8, 2009 (the "Application") has been filed by Hydro One Networks Inc. (the "Applicant") with the Ontario Energy Board (the "Board") under section 92(1) of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B, seeking an Order of the Board granting leave to construct transmission facilities. The Application has been assigned Board File No. EB-2009-0078.

The Applicant is seeking leave to construct transmission facilities for the Lower Mattagami Transmission Reinforcement Project. The work involves modifying the support towers and adding a second 230 kilovolt ("kV") three phase transmission circuit to the existing 4.56 kilometre section of line H22D from Harmon Junction to the Kipling Generating Station. The purpose of the Application is to obtain leave from the Board to construct transmission facilities that will provide adequate transmission capacity and to meet reliability standards and guidelines for the electrical supply to Lower Mattagami region. This will involve:

1. The modification of 11 existing towers and the rebuilding of two anchor towers on the Harmon Junction to Kipling GS section of the existing Kapuskasing TS - Kipling GS Right of Way;

2. Extending the circuit H22D by 4.56km from Harmon Junction to Kipling GS on the modified and rebuilt towers on the existing Right of Way. This would make the 230kV line a double circuit from Kapuskasing TS to Kipling GS.

The Board issued a Notice of Application and Written Hearing on May 8, 2009. The Applicant has served and published the Notice as directed by the Board. Timely requests for intervenor status were received from the Independent Electricity System Operator ("IESO") and from the Métis Organization of Ontario ("MNO"). The MNO requested that costs be awarded for participation in this proceeding. The Board grants intervenor status to the requesting parties and finds the MNO to be eligible for a cost award. No requests for observer status were received and no comments have been received to date. A list of the persons that have been granted intervenor status in this proceeding ("Intervenors") is attached as Appendix "A" to this Procedural Order.

In the Notice of Application and Written Hearing, the Board indicated that it intended to proceed by way of a written hearing unless any party satisfies the Board that there is a good reason for not proceeding by way of a written hearing. No party has made such a request and the matter will proceed by way of a written hearing.

The Board considers it necessary to make provision for the following items related to the Application. The Board may issue further procedural orders from time to time.

THE BOARD ORDERS THAT:

1. Intervenors and Board staff who wish information from the Applicant that is in addition to the evidence pre-filed with the Board and that is relevant to the hearing shall request the information by means of written interrogatories filed with the Board and delivered to the Applicant and shall provide a copy of the interrogatory to all other Intervenors, all on or before **June 19, 2009**.
2. All interrogatories and responses must include a reference to the section of the application which identifies the specific evidence on which the interrogatory is based.
3. Intervenors and Board staff shall, on or before **June 19, 2009** indicate if it is their intention to file evidence.

4. The Applicant shall, no later than **June 29, 2009** file with the Board and deliver to the requester and all other Intervenor, a complete response to each of the interrogatories.
5. All filings to the Board noted in this Procedural Order must be in the form of 2 hard copies and **must be received by the Board by 4:45 p.m. on the stated dates**.
