Dear Mr. Hossie:

**Re: Notice of Proposal under Section 81 of the *Ontario Energy Board Act, 1998*
Yellow Falls Power Limited Partnership Board File No. EB-2009-0141**

On May 7, 2009, Yellow Falls Power LP ("Yellow Falls") filed an application to the Ontario Energy Board (the "Board") submitting a notice of proposal under section 81 of the *Ontario Energy Board Act, 1998*, concerning the design modifications and capacity reduction of the Yellow Falls Hydroelectric Project. On April 27, 2009, Yellow Falls applied to the Board for an order granting leave to construct transmission facilities connecting the 16 megawatt Yellow Falls Hydroelectric Project to the transmission system owned by Hydro One Networks Inc.

This letter is to inform you that your notice of proposal under section 81 of the *Ontario Energy Board Act, 1998* is being held in abeyance and will be scheduled to coordinate with the leave to construct application. Accordingly, the Board's review of the notice of proposal is suspended until further notice.

Please direct any questions relating to the notice of proposal application to George Dimitropoulos, Analyst, Licence Applications at 416-544-5152 or e-mail, George.Dimitropoulos@oeb.gov.on.ca.

Yours truly,
