Attention: Ms. K. Walli, Board Secretary

Dear Ms. Walli:

Re: Proposed Amendments to the Distribution System Code re Connection Cost Responsibility (EB-2009-0077)

On behalf of the Canadian Wind Energy Association ("CanWEA"), we are requesting a short extension of time, to July 7, to file comments in the above-noted proceeding. Although comments are due tomorrow, the Board only issued its decision on cost eligibility late this afternoon. An extension of time would therefore enable CanWEA to dedicate additional resources to the preparation of comments and to better coordinate its comments with those of other parties, so as to provide the Board with more meaningful and constructive comments.

Yours truly,

Jonathan Myers
