Dear Mr. MacDonald:

**Re: Hydro One Networks Inc.
Board File Number EB-2007-0681**

On August 20, 2007 the Board issued a letter acknowledging receipt of your electricity distribution rates application filed on August 15, 2007. At that time, the Board indicated that it would issue further correspondence indicating the next steps to be taken upon completion of a review of your application.

An initial review of your application has been completed. As indicated at Exhibit A, Tab 1, Schedule 1 of your application, information relating to the harmonization of rates for Hydro One's acquired LDC customers, cost allocation and rate design will not be filed until October 2007. As a result, your application is currently incomplete and cannot be processed until information relating to the above has been filed.

The Board will resume processing your application once the above information has been filed. Given the anticipated delay in completion of the application, the tentative decision date of April 7, 2008 provided in previous correspondence cannot be relied on.

Please file the completed application following the Board's RESS Document Filing Guidelines.
