Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge St, Suite 2701
Toronto ON M4P 1E4

Dear Ms. Walli:

Board File No. EB-2008-0401
Toronto Hydro-Electric System Limited – Recovery of 2007 LRAM & SSM Amounts
Energy Probe Argument

Pursuant to Procedural Order No. 2, issued June 23, 2009, it was the expectation of Energy Probe Research Foundation (Energy Probe) that it would file comments by July 2nd in respect of the Application by Toronto Hydro-Electric System Limited to recover amounts arising out of its CDM activities in 2007. However, our senior consultant, Mr. Norman Rubin, was unexpectedly called away last weekend due to a serious illness in his family.

Mr. Rubin left a message that he would endeavour to forward his comments by July 2nd. He is outside of North America; I am not aware of his ability to forward an email. In any event, he will return on July 6th. Energy Probe requests the Board's indulgence in the event that a submission may not be filed until July 6th.

Should you require additional information, please do not hesitate to contact me.

Yours truly,

David S. MacIntosh
Case Manager
