Attention: Board Secretary, Ms. K. Walli

Dear Ms. Walli:

**Re: Gosfield Wind Limited Partnership - Application for Electricity Generator
Licence (EB-2009-0175)**

We are counsel to Gosfield Wind Limited Partnership ("Gosfield Wind LP") in the above-noted proceeding. On July 2, 2009 the Board issued a letter to Gosfield Wind LP which advised that the Board will not process the electricity generator licence application until a section 80 notice is filed in respect of the proposed construction of the generation facility which is the subject of the licence application.

Please note that on July 7, 2009 a section 80 notice was filed on behalf of Gosfield Wind LP for the proposed construction of the Gosfield Wind Farm as part of a broader section 80 notice that also relates to the transfers of various generation assets to the Great Lakes Hydro Income Fund. Among the assets being transferred are the development assets associated with the Gosfield Wind Farm. As such, it was appropriate in our view to file a single section 80 notice to address the proposed construction of the generation facility along with the proposed transfers of generation assets.

If you have any questions concerning the above, please do not hesitate to contact me.

Yours truly,

Jonathan Myers
