To all parties to this proceeding,

Re: Union Gas Limited and Enbridge Gas Distribution Inc.
– **Combined Proceeding - Board File No. EB-2007-0606/EB-2007-0615**
– **PEG/Board Staff Confidential Interrogatory Request Responses to Enbridge Gas Distribution Inc.**

As you are aware, PEG in its response to Enbridge Interrogatory #2, #45 (Exhibit R, Tab 3, Schedule 2 and 45), issued on September 5, 2007, requested that confidential status be attached to certain models and working papers. PEG indicated that

“For commercial proprietary reasons PEG believes that the data on U.S. utility operations, the code of the incentive power model, and the company’s in-house SST software program are confidential. These materials will be released to parties that have signed the Form of Declaration and Undertaking pursuant to the Board’s Practice.”

PEG believes that due to the commercial sensitivity of the materials, and the potential harm to PEG’s business as a result of the release of these materials, that PEG is seeking confidentiality. It is only in this regard that PEG is seeking confidentiality.

To expedite matters, parties that wish to access the confidentially filed materials can sign the Board’s Form of Declaration and Undertaking that can be found in the Board’s Practice Directions on Confidential Filings. The responses will immediately be released to parties that sign the Form.

It is understood that this will not prejudice parties from filing objections to the attachment of confidential status to the specified interrogatory responses and working papers per the Board’s Practice.

Yours truly,

Original Signed By

Peter H. O’Dell
Assistant Board Secretary
