To All Parties:

**RE: Toronto Hydro-Electric System Limited's
2010 Cost of Service Electricity Distribution Rate Application
OEB File No. EB-2009-0139**

Toronto Hydro-Electric System Limited ("THESL") intends to file its 2010 Cost of Service Electricity Distribution Rate Application ("2010 EDR Application") by August 2009.

Where possible, and in support of its Environmental Footprint Policy, THESL would prefer to provide Intervenors with electronic copies of its Application and related documents thereby reducing the use of paper and minimizing costs. THESL will, however, continue to serve requesting parties with paper copies. Please note that in addition to e-filing through the OEB's web portal and circulation via an e-mail distribution list, THESL's Application and all related filings will also be available on the Toronto Hydro Regulatory Affairs website at http://www.torontohydro.com/electricsystem/residential/regulatory_affairs.html

If you intend to apply for Intervenor or Observer Status in THESL's 2010 EDR Application, please reply to this email by **July 15, 2009** and indicate your preferred copy format:

- (1) ☐ I am agreeable to receiving all submissions in electronic format only (PDFs by email, CDs for files larger than 4MB, or internet access).
- (2) ☐ I would like to receive a paper copy of the original submission (Application and Pre-filed Evidence) only. I am agreeable to receiving all other submissions in electronic format.
- (3) ☐ I would like to receive a paper copy of all submissions.

THESL appreciates your support for this initiative. If you require further information, please contact Anna-Christina Crespo at 416-542-2755 or at regulatoryaffairs@torontohydro.com.

Yours truly,
