**Re: Ontario Power Generation Inc.
Application for Accounting Order Regarding Deferral and Variance
Accounts**

This letter acknowledges the Board's receipt of correspondence from the Canadian Manufacturers & Exporters ("CME") requesting that a one day oral technical conference be scheduled after the August 7, 2009 deadline for OPG's delivery of interrogatory responses. Correspondence from Energy Probe Research Foundation and the School Energy Coalition supporting CME's request has been received. The Board is also in receipt of correspondence on this matter from OPG, opposing the scheduling of a technical conference at this time.

Parties are advised that the Board will determine whether further discovery, in the form of a technical conference or additional interrogatories, is required after OPG has filed responses to the initial round of interrogatories. The Board will issue further correspondence indicating the next steps to be taken in this matter.

Please direct any questions relating to this application to Violet Binette at 416-440-7674 or violet.binette@oeb.gov.on.ca.

Yours truly,
