

Pacific Economics Group, LLC
Economic and Litigation Consulting

MEMORANDUM

| | | | | |
|--------------|--------------------|---------------------|---|------------------------|
| TO: | MARIKA HARE | TOTAL PAGES: | 2 | (INCLUDING COVER PAGE) |
| FROM: | MARK LOWRY | | | |
| DATE: | SEPTEMBER 11, 2007 | | | |
| RE: | EB-2007-0606/0615 | | | |

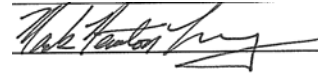

As you are aware, Interrogatory Responses were due by September 4, 2007. Due to extenuating circumstances, the Pacific Economics Group, LLC ("PEG") has been unable to prepare and file all of the Interrogatory Responses by that date.

In part this is due to the volume of the questions that have been received. Parties have filed approximately 500 questions for PEG to answer. It was and is PEG's intention to provide complete and timely answers to all of the questions posed. However, the large volume of questions and the complexity of the issues involved has proved daunting for PEG, as it has for other parties to the proceeding. As well, a serious family matter which occurred as responses were being written required the attention of the leader of the PEG team, and contributed to the delay.

PEG continues to work to complete the responses. To date, PEG has filed responses to all of Enbridge's questions and 24 of CCC/VECC's questions. PEG expects the balance of Interrogatory Responses will be filed as follows:

- Energy Probe by Tuesday 18 September
- Remaining CCC/VECC by Tuesday 18 September
- IGUA by Friday 21 September
- LMPA/WGSPG/BOMA by Tuesday 18 September
- Power Workers Union by Tuesday 18 September
- Union Gas Limited by Tuesday 18 September
- Board Staff by Thursday 20 September

PEG hopes that this response schedule will be acceptable to the Board and apologises for any inconvenience this may cause.

A handwritten signature in black ink, appearing to read "Mark Taylor", written over a horizontal line.
