Dear Mr. Paquette:

**Re: Notice of Proposal under Section 81 of the *Ontario Energy Board Act, 1998*
Kruger Energy Inc.
Board File Number EB-2007-0691**

On July 17, 2007, Kruger Energy Inc. ("KEI") filed with the Ontario Energy Board (the "Board") a notice of proposal under section 81 of the *Ontario Energy Board Act, 1998*. The notice of proposal relates to KEI's proposal to construct and operate a 100 MVA substation in the Municipality of Chatham-Kent.

The Board received a submission on the matter from Allus Power and a response from KEI.

Based on the submissions provided by Allus Power and KEI, the Board finds that there are sufficient reasons to initiate a review KEI's notice of proposal. This letter is to inform you that the Board does intend to review the notice of proposal. The Board will provide further directions regarding the review in due course.

Yours truly,
