## **NOTICE OF APPLICATION AND WRITTEN HEARING FOR AN ELECTRICITY DISTRIBUTION RATE CHANGE**

### **Enersource Hydro Mississauga Inc.**

The Ontario Energy Board (the “Board”) received an application on July 7, 2009, under section 78 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15 (Schedule B), seeking approval for changes to the rates that Enersource Hydro Mississauga Inc. (“Enersource”) charges for electricity distribution, to be effective January 1, 2010. The Board has assigned the application file number EB-2009-0193. The Board’s decision on this application may have an effect on all of Enersource’s customers. The application was filed under the Board’s guidelines for 3rd Generation Incentive Regulation, which provides for a mechanistic and formulaic adjustment to rates between cost of service applications.

Any change to the rates that Enersource charges for electricity distribution will be reflected in the delivery charges. Delivery charges are one of four regular items on residential and general service customers’ electricity bills and vary depending on the amount of electricity consumed.

Enersource indicates that if the application is approved as filed, a residential customer consuming 800 kWh per month would experience an approximate 2.6% increase in delivery charges. This is a \$0.84 increase per month on the delivery portion of the bill. A small general service customer consuming 2,000 kWh per month and having a monthly demand of 50 kW or lower would experience an approximate 1.2% increase in delivery charges. This is a \$1.02 per month increase on the delivery portion of the bill.

### **How to see Enersource's Application**

Copies of the application are available for inspection at the Board's office in Toronto and on its website, [www.oeb.gov.on.ca](http://www.oeb.gov.on.ca), and at Enersource's office and may be on its website.

### **How to Participate in the Rate Proceeding**

You may participate in this proceeding in one of three ways:

#### **1. Send a Letter with your Comments to the Board**

Your letter with comments will be provided to the Board members deciding the application, and will be part of the public record for the application. Your letter must be received by the Board no later than **September 8, 2009**. The Board accepts letters of comment by either post or e-mail at the addresses below.

#### **2. Become an Observer**

Observers do not actively participate in the proceeding but monitor the progress of the proceeding by receiving documents issued by the Board. You may request observer status in order to receive documents issued by the Board in this proceeding. If you become an observer, you need to contact Enersource and others in order to receive documents that they file in this proceeding and they may charge you for this. Most documents filed in this application will also be available on the Board's website. Your request for observer status must be made in writing and be received by the Board no later than **August 17, 2009**. The Board accepts observer request letters by either post or e-mail at the addresses below; however two paper copies are also required. You must also provide a copy of your letter to Enersource.

#### **3. Become an Intervenor**

You may ask to become an intervenor if you wish to actively participate in the proceeding. Intervenor are eligible to receive evidence and other material submitted by participants in the hearing. Likewise, intervenors will be expected to send copies of any material they file to all parties to the hearing.

Your request for intervenor status must be made by letter of intervention and be received by the Board no later than **August 17, 2009**. Your letter of intervention must include a description of how you are, or may be, affected by the outcome of this proceeding; and if you represent a group, a description of the group and its membership. The Board may order costs in this proceeding in relation to Enersource's requests for rates to be effective January 1, 2010 rather than May 1, 2010, the latter being the commencement of the rate year in accordance with Board practice. You must indicate in your letter of intervention whether you expect to seek costs from Enersource and the grounds for your eligibility for costs. You must provide a copy of your letter of intervention to Enersource.

The Board intends to proceed with this application by way of a written hearing, but may include an oral component for certain parts of the application. That component may be in the form of a technical conference or an oral hearing, or both. This approach will enable the Board to address certain matters more effectively than would be possible in a proceeding conducted entirely on a written basis. If you object to the Board proceeding in this fashion, your letter of intervention must state the nature of the process you believe to be necessary and the reasons for undertaking such a process.

Anyone who wishes information and material from Enersource that is in addition to the evidence filed with the Board and that is relevant to the hearing shall request it by written interrogatories filed with the Board and delivered to Enersource on or before **September 1, 2009**. Enersource shall file with the Board complete responses to the interrogatories and deliver them to all parties no later than **September 22, 2009**.

Anyone who wishes to make a submission on the application must file that written submission with the Board and deliver it to Enersource by **November 13, 2009**. If Enersource wishes to respond to the submission(s), the written response must be filed with the Board and delivered to all parties by **November 30, 2009**.

If you already have a user ID, please submit your interrogatories or submission through the Board's web portal at [www.errr.oeb.gov.on.ca](http://www.errr.oeb.gov.on.ca).
