Dear Ms. Walli:

**Re: Hydro One Networks Inc. ("Hydro One")
2010/2011 Cost of Service Distribution Rate Application
Ontario Energy Board ("OEB") File No.: EB-2009-0096**

The Ontario Power Authority ("OPA") is writing to request intervenor status in the proceeding to review Hydro One Networks Inc. 2010/2011 Cost of Service Distribution Rate Application (EB-2009-0096), filed July 13, 2009.

The OPA's interest in this proceeding is generally with respect to Hydro One's Green Energy Plan, and its investment plans in network assets to meet objectives required under the *Green Energy and Green Economy Act, 2009*. The OPA is also interested in the evidence on development OM&A and development capital relating to distribution system enhancements to connect generators in respect of the Feed-In-Tariff ("FIT") program and generator connections.

Please provide a copy of all relevant communications to the attention of Miriam Heinz, Regulatory Coordinator, at the address above or through e:mail at miriam.heinz@powerauthority.on.ca.

Yours truly,
