The evidence states “The approved 2010 DSM Measures and Input Assumptions Report (EB-2008-0346) completed by Navigant has been used as the starting point for the 2010 SSM assumptions”. Other than the free rider rates and the two additional measures referenced in the evidence, has Union used figures that differ from those provided by Navigant? If yes, please provide a complete list showing the measure, the Navigant figure and the Union figure. Please also provide an estimate of the impact on the calculation of the TRC based for each of the differences.

Interrogatory #3

Ref: Pages 7 & 8

Will Union be able to track amounts to be recovered/rebated to customers for the SSM, LRAM and DSMVA accounts for each of rates M1 and M2? If not, when will Union be able to allocate such amounts individually to these rate classes?

Interrogatory #4

Ref: Page 11

a) Has Union been involved in any electric DSM activities in 2007, 2008 or 2009? If so, please provide the costing on a fully allocated basis and indicate whether any net revenues have been generated that have or will be shared with ratepayers.

b) Does Union plan any electric DSM activities for 2010? If yes, please elaborate and provide details.

Interrogatory #5

Ref: Page 26

Union intends to focus on the Drain Water Heat Recovery ("DWHR") in its market transformation program.

a) Please indicate if DWHR units were available at retail outlets in 2007. If so, please indicate where such units could be purchased.

b) Are DWHR units currently available at retail stores? If yes, please provide a list of major retailers that carry such units.

Interrogatory #6
