Dear Ms. Walli:

Re: Stakeholder Consultation on Electricity Distributors' Provision of Service and Application of Charges
Board File No. EB-2007-0722

We are counsel to Rogers Cable Communications Inc. ("**Rogers Cable**") in respect of the above.

The Ontario Energy Board (the "**Board**") is initiating a consultation process regarding issues associated with the provision of service by electricity distributors and the manner in which electricity distributors apply certain charges.

Description of Rogers

Rogers Cable is an integrated cable and communications company that receives electricity for its power supplies from distributors throughout Ontario. As a major consumer of electricity in the Ontario electricity market and an unmetered scattered load customer, Rogers Cable has a direct and significant interest in the provision of service by electricity distributors.

Participation

Rogers Cable would like to participate in this proceeding as an intervenor, and therefore requests that the Board grant Rogers Cable intervenor status. Rogers Cable is considering attending the October 18 meeting, but has not yet reached a decision in this regard.

Eligibility for Costs

Rogers Cable is not requesting cost eligibility in this proceeding.
