ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Sch.B, as amended;

AND IN THE MATTER OF an Application by pursuant to section 78 of the *Ontario Energy Board Act* for an Order or Orders approving just and reasonable rates for the delivery and distribution of electricity.

NOTICE OF INTERVENTION

OF

VULNERABLE ENERGY CONSUMERS COALITION (VECC)

To: Ms. Kirsten Walli Board Secretary

And to: Ms. Anne-Marie Reilly, Hydro One Networks Inc.

- 1. The Vulnerable Energy Consumers Coalition (VECC) hereby expresses its intention to intervene and participate in the above-mentioned proceeding. VECC consists of the following organizations:
 - (a) The Federation of Metro Tenants Association
 - (b) The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

2. The Federation of the Metro Tenants Association is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-oops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street Toronto, ON M5B 1L2

3. The Ontario Coalition of Senior Citizens' Organizations (OCSCO) is a coalition of over 120 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

660 Briar Hill Avenue, Suite 207 Toronto, ON M6B 4B7

4. The name and address of the agent authorized to receive documents on behalf of VECC is:

5. VECC would request that all correspondence and documentation also be copied to VECC's consultant:

bharper@econalysis.ca

- 6. VECC requests that one hard copy of the Application and any additional supporting materials be forwarded to it consultant. In addition, VECC requests that electronic copies of all relevant materials be forwarded to both parties named above.
- 7. VECC is intervening in order to ensure that consumer interests and in particular the interests of the low-income and vulnerable users of electricity are fully represented in the determination of just and reasonable rates for 2010 and 2011. Issues of concern to VECC include:
 - The proposed increases in OMA (11% for 2010 over 2009 and 8% for 2011 over 2010) and Rate Base (14.6% for 2010 over approved 2008 levels and a further 6.6% increase in 2011) when overall load has been consistently declining since 2008.
 - Hydro One Networks' 2010-2014 Green Energy Plan, which will be the first such plan reviewed by the Board.

Follow-up on various cost allocation issues identified in the proceeding

dealing with Hydro One Networks' 2008 distribution rate application

(EB-2007-0681).

Hydro One Networks' continuing move to harmonize its rates and the

resulting rate impacts.

8. Given the materiality and the complexity of these and other issues that are

likely to arise during the review of the application, VECC prefers an oral

proceeding.

9. VECC will be requesting an award of costs for its participation in this

proceeding and believes that, as a coalition representing the direct

interests of consumers, it meets the eligibility criteria set out in the Ontario

Energy Board's Rules of Practice and Procedure (Section 41) and its'

Practice Direction on Cost Awards (Section 3.03).

DATED AT TORONTO, THIS 12th DAY OF AUGUST 2009

Counsel for VECC
