Dear Ms. Walli:

**RE: 2009 ELECTRICITY DISTRIBUTION RATE APPLICATIONS CNPI
EASTERN ONTARIO POWER (EB-2008-0222) AND CNPI – FORT ERIE (EB-2008-0223)**

On August 7, 2009, Canadian Niagara Power submitted Draft Rate Orders related to the above captioned electricity distribution rate applications.

Upon review of these draft rate orders, a computational error was discovered relating to the determination of the weighted average long term debt rate. The correction of this computational error adjusted the long term debt rate downward from 6.94% to 6.88%. On August 14, 2009, Canadian Niagara Power provided Board staff revised calculations indicating the proper rate of 6.88%.

Accompanying this letter are revised Tariff of Rates and Charges for CNPI – Fort Erie and CNPI – Eastern Ontario Power.

If you have any questions in connection with the above matter, please do not hesitate to contact the undersigned at (905) 994 3634.

Yours truly,

Doug Bradbury
