

EB-2009-0110

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application by Trilliant
Energy Services Inc. to renew smart sub-metering
licence ES-2008-0089.

By delegation, before: Theodore Antonopoulos

DECISION AND ORDER

Trilliant Energy Services Inc. filed an application on April 17, 2009 with the Ontario Energy Board under section 60 of the *Ontario Energy Board Act, 1998* (the "Act") to renew its smart sub-metering licence ES-2008-0089. The Board has assigned the application file number EB-2009-0110. The application was deemed incomplete and additional information was requested. The additional information was received on July 28, 2009. A letter of direction and notice of application was issued on August 4, 2009.

The licence that is the subject of the renewal application was issued to the applicant on August 22, 2008 and remains in force until August 21, 2009. The licence provides that the term may be extended by the Board.

Because the current licence will expire prior to final determination of the renewal application, and because the applicant needs to be licensed to provide smart sub-metering and associated services in Ontario, the applicant has requested that the term of licence ES-2008-0089 be extended until the Board makes a final decision with respect to the renewal application.

Considering the time required to process an application in accordance with the Board's established practice and procedures, and considering the applicant's activities, I find that it is in the public interest to make an order extending the term of licence ES-2008-0089 until such time as the renewal application is determined or October 28, 2009, whichever is earlier.

In the event that further information is required to be filed by the applicant in support of this application, I expect that the applicant will provide that information promptly and within the timeframe allotted by the Board.

IT IS THEREFORE ORDERED THAT:

The term of the smart sub-metering licence ES-2008-0089 is extended until the final determination of the renewal application or October 28, 2009 whichever is earlier.

DATED at Toronto, August 20, 2009.

ONTARIO ENERGY BOARD
