EB-2009-0096

Dear Mr. Secretary,

In reading the comments on the request of Hydro One for the year 2010 and 2011 I feel it is an outrageous request in relation to the small increases that I get on my Old Age Pension and Canada Pension which is geared to the cost of living for the year. In the light of this, I suggest that it should not be more than 3 per cent and not in the area of 10% as requested by Hydro One.

Yours truly,

*Everett Brown*  
Everett Brown.
