Dear Ms. Walli:

Re: Chapleau Public Utilities Corporation
Report on Notification re Eligibility for the Regulated Price Plan
Board File Number EB-2009-0317

This letter is to confirm that Chapleau Public Utilities Corporation has notified all of our affected customers of the upcoming November 1, 2009 change to the consumers eligible for the RPP. In our service territory this will affect only 3 accounts, all belonging to the Municipality. I have contacted the Municipality by telephone informing them of the change and will also be inserting the IESO communication pamphlet in our September 1st billing.

Yours truly,

Marita Morin
Secty-Treas.
