Mr. Michael Levesque  
President & CTO  
Engineered Systems Incorporated  
395 Sunnyside Blvd.  
LaSalle, Ontario N9J 3J5

Dear Mr. Levesque:

**Re: Application for Standard Offer Program  
Generator Licence  
Board File Number EB-2009-0167**

The Ontario Energy Board has completed its review of your application. In your application, you indicated that Engineered Systems Incorporated ("Engineered Systems") had entered into a contract with the Ontario Power Authority ("OPA") for its Renewable Energy Standard Offer Program. Upon further review, it has come to our attention that Engineered Systems application with the OPA is pending and will be considered for a Feed-In-Tariff ("FIT") Program contract once the rules are finalized.

A requirement for an Electricity Generator Licence – Standard Offer Program is a signed contract with the OPA.

Your application has been placed on hold. The Board will reopen your application once Engineered Systems has entered into a FIT contract with the OPA. When Engineered Systems has entered into a FIT contract with the OPA please file the contract with the Board, referring to file number EB-2009-0167 in your covering letter.

Please direct any questions relating to this matter to Lenore Dougan, Advisor, Licence Applications at 416-440-8141 or e-mail, [lenore.dougan@oeb.gov.on.ca](mailto:lenore.dougan@oeb.gov.on.ca).

Yours truly,

*Original signed by*

John Pickernell  
Assistant Board Secretary
