Dear Ms. Walli:

**EB-2009-0283 - Canadian Niagara Power Inc. S92 - Fort Erie/Niagara Falls Area - Hydro One Networks Notice of Intervention**

In response to the Ontario Energy Board's Notice of Application dated August 5, 2009, Hydro One Networks Inc. ("Hydro One") hereby gives notice of its intention to intervene in the above-noted proceeding. Hydro One intends to participate in the proceeding as necessary to determine issues, clarify or test evidence through interrogatories, and, if required, provide submissions and/or argument on issues pertinent to its interests.

Hydro One is a subsidiary of Hydro One Inc. and operates extensive electricity transmission and distribution facilities throughout Ontario. Hydro One is concerned about the impact that these proposed facilities, which seem designed to facilitate a new interconnection to the National Grid system may have on the transmission facilities that Hydro One owns in the Niagara Falls area which also interconnect with the Canadian Niagara Power system and the National Grid system.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Hydro One requests that documents filed with the Board in this proceeding be served as follows –
