NOTICE OF APPLICATION

UNION GAS LIMITED RATES FOR 2010

Union Gas Limited ("Union") filed an Application on September 3, 2009 with the Ontario Energy Board (the "Board") under section 36 of the *Ontario Energy Board Act, 1998*, S.O. c.15, Sched. B, as amended, for an order or orders approving or fixing just and reasonable rates and other charges for the sale, distribution, transmission and storage of natural gas, effective January 1, 2010. The Board's decision on this Application may have an effect on all of Union's customers.

Union's application is pursuant to the annual rate setting incentive regulation mechanism approved by the Board in the EB-2007-0606 proceeding.

Union has proposed a change to its delivery rates. If approved by the Board, the total bill impact for a typical Southern or Northern or Eastern Operations residential customer consuming 2,600 m³ per year would amount to \$9.00 - \$10.00 per year.

This proceeding will not deal with the commodity cost of natural gas. Any changes to the commodity cost of natural gas for customers that purchase gas directly from Union are addressed through the Quarterly Rate Adjustment Mechanism.

Copies of the Application and the supporting written evidence are available for inspection at the Board's office and Union's office at the addresses listed below.
