Dear Dr. Silk:

**Re: Hydro One Networks Inc. - Board File Number EB-2009-0096
2009 Cost of Service Distribution Rate Application**

The Board is in receipt of your request for intervention status and a cost award in this proceeding. As indicated in Procedural Order No. 1, the Board is seeking further information from EnviroCentre before it makes a decision on cost award eligibility.

Please provide the following:

1. A list of the members of the EnviroCentre Board of Directors, and their backgrounds and qualifications.
2. What is the relationship of the EnviroCentre with the City of Ottawa?
3. What is EnviroCentre's primary interest in this proceeding? Does it propose to participate with regard to every issue in the proceeding, or is a targeted intervention contemplated? Which of the Issues on the draft Issues List is EnviroCentre primarily concerned about?
4. Do you intend to actively intervene and participate in the scheduled Oral Hearing in this proceeding?

Yours truly,
