Dear Mr Pickernell,

I am pleased to provide the following responses to your requests.

1. A list of the members of the EnviroCentre Board of Directors, and their backgrounds and qualifications.

**Attached.**

2. What is the relationship of the EnviroCentre with the City of Ottawa?

**EnviroCentre is the City of Ottawa's non-profit partner for delivering energy-efficiency services, but it receives no funding from the City for its energy-efficiency work. In 2008, EnviroCentre received 7.4% of its revenue from the City, primarily for transportation demand management projects. EnviroCentre personnel are not employees of the City.**

3. What is EnviroCentre's primary interest in this proceeding? Does it propose to participate with regard to every issue in the proceeding, or is a targeted intervention contemplated? Which of the Issues on the draft Issues List is EnviroCentre primarily concerned about?

**EnviroCentre proposes a targeted intervention focused on Issue 9: the Green Energy Plan.**

4. Do you intend to actively intervene and participate in the scheduled Oral Hearing in this proceeding?

**Yes, at least that part concerning Issue 9.**

Yours truly,

Dr. Dana Silk  
General Manager
