**NOTICE OF APPLICATION AND HEARING
FOR LEAVE TO CONSTRUCT TRANSMISSION FACILITIES
FOR GREENWICH WINDFARM LP**

Greenwich Windfarm LP (the “Applicant” or “Greenwich”) has filed an application with the Ontario Energy Board, (the “Board”) dated August 11, 2009 under section 92 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B. The Applicant has applied for an order of the Board granting leave to construct 10.3 kilometers of 230 kV double circuit electricity transmission line from a substation on the windfarm, to a switching station also owned by Greenwich being the interface with two 230 kV Hydro One owned transmission lines (M23L and M24L). The substation, the double circuit transmission line and the switching station are collectively the “Proposed Transmission Facilities”.

Renewable Energy Systems Canada Inc. (“RESCI”) entered into a Renewable Energy Supply III Contract with the Ontario Power Authority dated January 14, 2009 in respect of the sale of electricity from the windfarm. The windfarm would be located 60 kilometers northeast of Thunder Bay, constructed on approximately 4,000 hectares of crown land, located partially within the Township of Dorion and partially on unincorporated land. Greenwich is a Limited Partnership and wholly owned subsidiary of RESCI.

This application is related to the Proposed Transmission Facilities only. This application is not related to approvals for the construction of the windfarm.

A map showing the location of the Proposed Transmission Facilities is included with this Notice.

The Applicant indicated that in order to construct the Proposed Transmission Facilities, certain easement rights are required over two parcels of private lands, and will also

require certain Crown land rights. RESCI has already obtained Applicant of Record status which is a prerequisite to obtaining the necessary Crown rights.

The proposed in-service date is November 2010.

The Board has assigned File No. EB-2009-0315 to this application.

How to see the Applicant's Pre-filed Evidence

Copies of the application and the pre-filed evidence in support of the application will be available for public inspection at the Board's offices and at the Applicant's head office (see addresses below).
