

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B;

AND IN THE MATTER OF an application by Canadian Niagara Power Inc. for an Order or Orders pursuant to section 92 of the *Ontario Energy Board Act, 1998* (as amended) granting leave to construct and reinforce transmission facilities in and around Fort Erie, Ontario.

AFFIDAVIT OF SERVICE

I, Jonathan Myers, of the City of Vaughan, in the Province of Ontario, **MAKE OATH AND AFFIRM:**

1. I am an associate lawyer at Torys LLP, counsel to Canadian Niagara Power Inc. (the "Applicant") in Ontario Energy Board proceeding EB-2009-0283 and, as such, have personal knowledge of the matters herein disposed.
2. In accordance with the Ontario Energy Board's Letter of Direction dated August 5, 2009, I arranged to have served by courier a copy of the Notice of Application and Hearing (the "Notice", which is attached hereto as **Exhibit "A"**), together with a copy of the Application (which is attached hereto as **Exhibit "B"**) and including the location maps that form part of the Notice and the Application, to certain of the parties that are generally described in sections 2(a) and 2(b) of the Letter of Direction and as are more particularly described below. The courier receipts for this service are attached hereto at **Exhibit "C"**.
3. With respect to section 1 of the Letter of Direction, and in response to clarification from Board Staff as to the Board's expectations under section 1, the Applicant arranged for searches to be carried out sufficient to identify the current registered property owners and encumbrancers with land or interests in land for properties in Ontario that are potentially affected by the project that is the subject of the Notice.
4. With respect to subsections 2(a) and 2(b) of the Letter of Direction, I arranged for service to all persons identified by the searches referred to in paragraph 3, above, subject to the exceptions set out in paragraph 5, below. All items were sent on September 14, 2009.
5. Three items were returned by the courier as undeliverable. The Applicant identified alternative contact information for each of these property owners and the Notices were re-sent by courier on September 17, 2009. These are in respect of the properties at 13625

Willoughby Dr. in Niagara Falls, 51 Queen Street in Fort Erie, as well as 15 Queen Street in Fort Erie.

6. Affidavit evidence demonstrating that all other requirements for service in the Letter of Direction were satisfied was filed with the Board in an Affidavit of Service dated August 5, 2009.

SWORN BEFORE ME at the City of
Toronto this 17th day of September, 2009.

EB-2009-0283

NOTICE OF APPLICATION AND HEARING

CANADIAN NIAGARA POWER INC. APPLICATION FOR LEAVE TO CONSTRUCT TRANSMISSION FACILITIES IN THE NIAGARA FALLS / FORT ERIE AREA

Canadian Niagara Power Inc. (the "Applicant" or "CNP") has filed an application with the Ontario Energy Board, (the "Board") dated July 16, 2009 under section 92 of the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B. CNP is a licensed Ontario transmitter which operates a transmission system in the Niagara Falls / Fort Erie area including an international interconnection to US National Grid's ("USNG") transmission system in Buffalo, New York, under a National Energy Board permit. CNP has applied for an order of the Board granting leave to construct transmission facilities in the Niagara Falls / Fort Erie area to reinforce its existing 115 kilovolt ("kV") transmission system, as outlined below.

The following are the facilities proposed for CNP's system in Ontario for which CNP is requesting a leave to construct.

- reinforce 2 km of CNP's 2-circuit 115 kV line (circuits A36 and A37) extending from Hydro One's Niagara Murray TS in Niagara Falls, Ontario ;
- replace 0.5 km of conductor on CNP's existing 115 kV line from Bertie Hill Tower to Queen Street Tower in Fort Erie;
- replace approximately 0.66 km of conductor on the existing 115 kV line from the Queen Street Tower in Fort Erie, across the Niagara River; to the High Tower adjacent to Terminal House B in Buffalo. (Note: CNP's ownership of this line section ends at the midpoint of the Niagara River crossing.)

- install a 115 kV circuit breaker adjacent to the A36N/A37N taps out of Niagara Murray TS;
- install two 115 kV circuit breakers at CNP's Station #17 in Stevensville; and
- install a 150 Megavolt Ampere ("MVA") phase shifting transformer and voltage regulator at CNP's Station #18 in Fort Erie.

In addition to the facilities in Ontario listed above, CNP has proposed the following additional facilities that are needed on USNG's system in New York in order to complete the project:

- construct a 115 kV, 3-breaker ring station at USNG's Switch 998 in Buffalo, New York; and
- replace approximately 10 km of conductor on the existing 115 kV line from USNG's Huntley Station to a new 115 kV Paradise Station being planned by USNG in Buffalo, New York.

Although a leave to construct is not required for facilities outside Ontario, the above facilities are identified and described because they are needed to complete the project and CNP is proposing to pay the entire cost of the project (estimated at \$30.9 million) and seek recovery from Ontario ratepayers.

CNP advised that USNG will be responsible, on CNP's behalf, for obtaining all approvals which may be necessary to allow for the construction and operation of works in the United States.

A map showing the location of the proposed facilities is included in this Notice.

Notice to Potential Parties

The Applicant has been directed to immediately serve a copy of this Notice of Application along with the location map and a copy of the Application, either personally, by courier, or by registered mail on:

- a. All directly affected landowners, and to the extent that the project involves new, expanded or modified easements, on all encumbrancers and encumbrancees;
- b. All parties identified in the affidavits of title;

- c. Each electricity distributor within whose service area the proposed new or reinforced transmission facilities are or will be located;
- d. All generators connected directly to the transmission line under consideration for reinforcement;
- e. All transmission customers of Canadian Niagara Power Inc. connected directly to the transmission line under consideration for reinforcement;
- f. All owners and operators of rail lines, telecommunications (e.g., telephone) or other utilities along or crossing the routes proposed for the subject project;
- g. The Clerks of all Municipalities that would be affected by the subject project;
- h. All Aboriginal Groups with an interest in the lands affected by the subject project;
- i. The following federal and provincial government ministries and agencies:
 - Ministry of Energy and Infrastructure;
 - Ministry of Aboriginal Affairs
 - Ministry of the Environment
 - Ontario Realty Corporation;
 - Ontario Power Authority
 - Independent Electricity System Operator;
 - Hydro One Networks Inc.
 - National Energy Board

CNP submitted that the proposed facilities are categorized as “non-discretionary” and are needed to address transmission reliability concerns and to provide overall system benefits to Ontario through an expanded and synchronous interconnection with New York.

CNP also advised that no new land will be acquired for the construction of the facilities in Ontario.

The scheduled in-service date of the proposed facilities is September 30, 2012.

The Board has assigned File No. EB-2009-0283 to this application.

How to see the Applicant's Pre-filed Evidence

Copies of the application and the pre-filed evidence in support of the application will be available for public inspection at the Board's offices and at the Applicant's offices (see addresses below).

How to Participate

You may participate in this proceeding in one of three ways:

1. Send a Letter with your Comments to the Board

Your letter with comments will be provided to the Board members deciding the application and will be part of the public record for the application. If you wish to make an oral presentation to the Board, your letter should include this request. Your letter must be received by the Board no later than **30 days** from the publication or service date of this notice. The Board accepts letters of comment by either post or e-mail at the addresses below.

2. Become an Observer

Observers do not actively participate in the proceeding but monitor the progress of the proceeding by receiving documents issued by the Board. You may request observer status in order to receive documents issued by the Board in this proceeding. If you become an observer, you need to contact the applicant and others in order to receive documents that they file in this proceeding and they may charge you for this. Most documents filed in this application will also be available on the Board's website. Your request for observer status must be made in writing and be received by the Board no later than **10 days** from the publication or service date of this notice. The Board accepts observer request letters by either post or e-mail at the addresses below; however, two paper copies are also required. You must also provide a copy of your letter to the Applicant.

3. Become an Intervenor

You may ask to become an intervenor if you wish to actively participate in the

proceeding. Intervenor status is eligible to receive evidence and other material submitted by participants in the hearing. Likewise, intervenors will be expected to send copies of any material they file to all parties to the hearing. Your request for intervenor status must be made by letter of intervention and be received by the Board no later than **10 days** from the publication or service date of this notice. Your letter of intervention must include a description of how you are, or may be, affected by the outcome of this proceeding; and if you represent a group, a description of the group and its membership. The Board may order costs in this proceeding. You must indicate in your letter of intervention whether you expect to seek costs from the applicant and the grounds for your eligibility for costs. You must provide a copy of your letter of intervention to the Applicant. The Board may choose to proceed with this application by way of written or oral hearing.

The Board will not hold a written hearing if a party satisfies the Board that there is good reason for holding an oral hearing. Your letter of intervention should indicate your preference for a written or oral hearing, and the reason for that preference.

You must file two paper copies and an electronic copy of your intervention request with the Board. If you already have a user ID, please submit the electronic copy of your intervention request through the Board's web portal at www.errr.oeb.gov.on.ca. If you do not have a user ID, please visit the "e-Filing Services" page on the Board's website at www.oeb.gov.on.ca and fill out a user ID password request. For instructions on how to submit and naming conventions please refer to the RESS Document Guidelines also found on the "e-Filing Services" webpage. Alternately, the electronic copy of your intervention request may be submitted by e-mail at the address below. Those who do not have internet access are required to submit the electronic copy of their intervention request on a CD or diskette in pdf format.

How to Contact Us

In responding to this Notice, please include Board file number EB-2009-0283 in the subject line of your e-mail or at the top of your letter. It is also important that you provide your name, postal address and telephone number and, if available, an e-mail address and fax number. All communications should be directed to the attention of the Board Secretary at the address below, and be received no later

than 4:45 p.m. on the required date.

Need More Information?

Further information on how to participate may be obtained by visiting the Board's website at www.oeb.gov.on.ca or by calling our Consumer Relations Centre at 1-877- 632-2727.

IMPORTANT

IF YOU DO NOT REQUEST TO PARTICIPATE IN ACCORDANCE WITH THIS NOTICE, THE BOARD MAY PROCEED IN YOUR ABSENCE AND YOU WILL NOT BE ENTITLED TO ANY FURTHER NOTICE OF THESE PROCEEDINGS.

Canadian Niagara Power Inc.
Transmission Reinforcement Project
Niagara Falls / Fort Erie Area

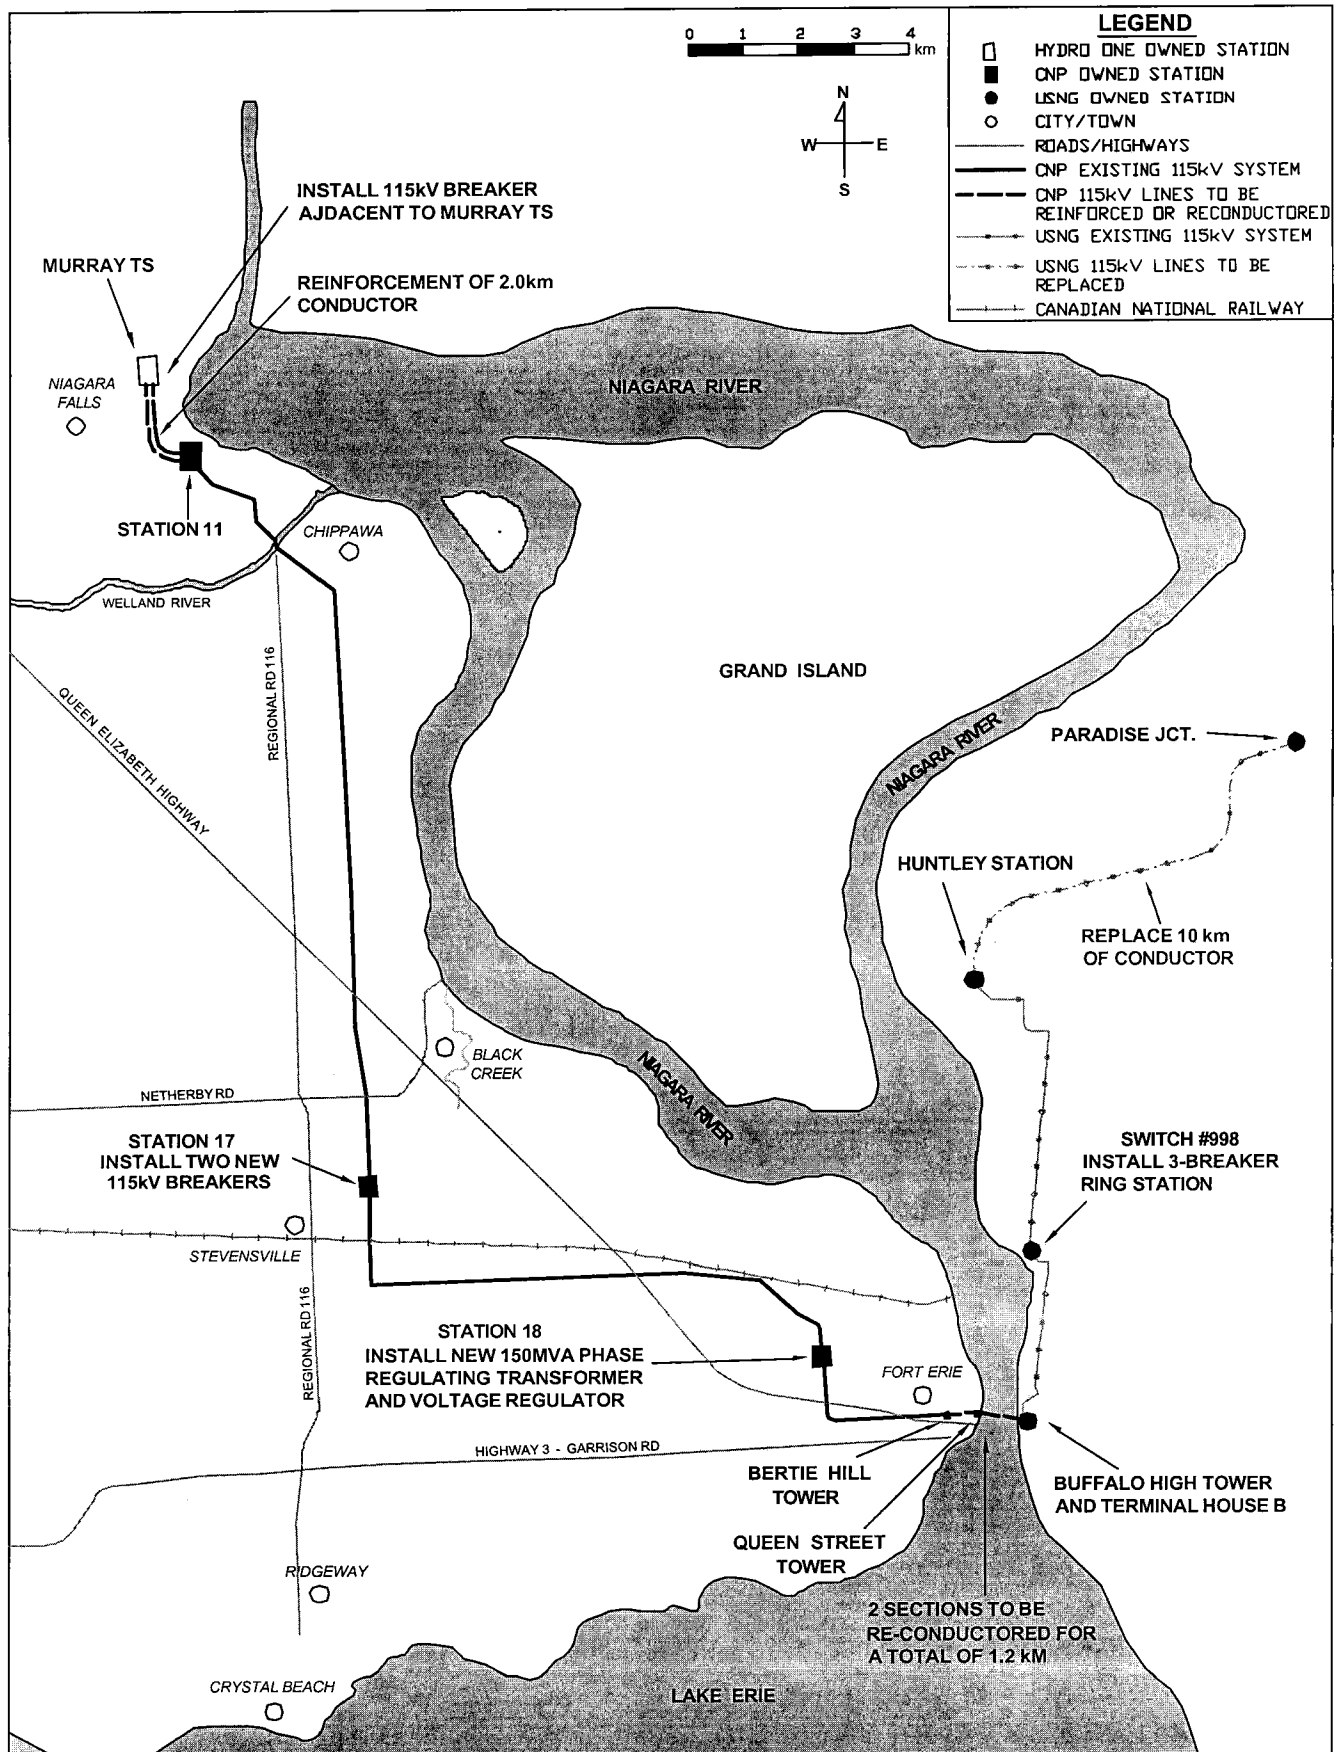

Exhibit "B"

Application

Canadian Niagara Power Inc.

This Exhibit "B" referred to in the affidavit of Jonathan Myers sworn before me this ~~17th~~ day of September, 2009.

A Commissioner for taking Affidavits

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c.15 (Sched. B);

AND IN THE MATTER OF an application by Canadian
Niagara Power Inc. for an Order or Orders pursuant to
section 92 of the *Ontario Energy Board Act*, 1998 (as amended)
granting leave to construct and reinforce transmission facilities
in and around Fort Erie, Ontario.

APPLICATION

1. The Applicant is Canadian Niagara Power Inc. ("CNP"). CNP is an Ontario corporation with its head office located in Fort Erie, Ontario. CNP is a licenced transmitter (ET-2003-0073) and operates a transmission system in and around Fort Erie, Ontario including an international interconnection to Buffalo, New York under a National Energy Board Permit.
2. CNP hereby applies to the Ontario Energy Board (the "Board") pursuant to Section 92 of the *Ontario Energy Board Act* (the "Act") for an order or orders granting:
 - (a) leave to reinforce 2.0 km of line (being CNP's lines A36 and A37) to accommodate the maximum capability of an upgraded interconnection between CNP's transmission system in Fort Erie, Ontario and US National Grid's ("USNG") transmission system in Buffalo, New York;
 - (b) leave to construct and reinforce 0.66 km of Conductor from the Bertie Hill Tower to Queen Street Tower in Fort Erie with 795 MCM conductor to provide capacity of at least 150 MW; and
 - (c) leave to construct and reinforce 0.66 km of Conductor from the Queen Street Tower in Fort Erie, Ontario, across the Niagara River, to the High Tower forming part of the USNG transmission system in Buffalo, New York.

Fundamental and integral to the completion of the forgoing is:

- 2 -

- (a) installation of an additional 115 kV breaker adjacent to the Murray taps on A36N and A37N;
- (b) installation of two additional breakers at Station #17 in Stevensville for enhanced sectionalizing and zone control;
- (c) installation of a 150 MVA phase shifting transformer and voltage regulator at Station #18 in Fort Erie;
- (d) construction of a 115 kV three-breaker ring station located at switch SW 998 in Buffalo, New York, that will tie L46, L47 and USNG's Canada Bus; and
- (e) removal and replacement of approximately 10 km of conductor from the Huntley Station to a new 115 kV Paradise Station being planned by USNG in Buffalo, with a new 115 kV three-phase transmission circuit.

All of the aforementioned is defined as the "Project".

- 3. No new land will be acquired for the construction of the Project.
- 4. Attached as Schedule "A" is a map showing the general location of the Project.
- 5. The purpose of the Project is to address transmission reliability concerns and to provide overall system benefits to Ontario through an expanded and synchronous interconnection.
- 6. The Independent Electricity System Operator ("IESO") has conducted a connection assessment in respect of the Project. A copy of the IESO's System Impact Assessment Report is filed in support of this Application.
- 7. This Application is supported by written evidence that includes details of the Project. The written evidence is pre-filed and may be amended from time to time, prior to the Board's final decision on this Application.

- 3 -

8. The persons affected by this application are the ratepayers of Ontario. It is impractical to set out the names and addresses of all the ratepayers of Ontario because they are too numerous.
9. CNP requests that, pursuant to Section 34.01 of the Board's *Rules of Practice and Procedure*, this proceeding be conducted by way of written hearing.
10. CNP requests that a copy of all documents filed with the Board by each party be served on the Applicant and the Applicant's counsel, as follows:

Dear Sirs/Mesdames:

Re: Canadian Niagara Power Inc. - Notice of Application for Leave to Construct and Reinforce Transmission Facilities in the Fort Erie / Niagara Falls Area (Board File No. EB-2009-0283)

The Ontario Energy Board has directed that the enclosed Notice of Application and hearing, along with a location map and a copy of the Application be served on you.

The Notice of Application and Hearing is in relation to an Application filed with the Ontario Energy Board by Canadian Niagara Power Inc. (the "Applicant") under section 92 of the *Ontario Energy Board Act* for leave to construct and to reinforce transmission facilities in the Fort Erie and Niagara Falls areas. Further details are set out in the enclosed Notice.

Should you have any questions, please see the contact information for the Ontario Energy Board and the Applicant that is included in the enclosed Notice.

Yours truly,

Charles Keizer

Dear Sirs or Mesdames:

Re: Canadian Niagara Power Inc. - Notice of Application for Leave to Construct and Reinforce Transmission Facilities in the Fort Erie / Niagara Falls Area (Board File No. EB-2009-0283)

The Ontario Energy Board has directed that the enclosed Notice of Application and hearing, along with a location map and a copy of the Application be served on you.

The Notice of Application and Hearing is in relation to an Application filed with the Ontario Energy Board by Canadian Niagara Power Inc. (the "Applicant") under section 92 of the *Ontario Energy Board Act* for leave to construct and to reinforce transmission facilities in the Fort Erie and Niagara Falls areas. Further details are set out in the enclosed Notice.

Should you have any questions, please see the contact information for the Ontario Energy Board and the Applicant that is included in the enclosed Notice.

Yours truly,

for Charles Keizer
