**NOTICE OF APPLICATION AND WRITTEN HEARING
RELATING TO THE RECOVERY OF FORGONE REVENUE**

Horizon Utilities Corporation

Horizon Utilities Corporation ("the Applicant") filed an application with the Ontario Energy Board on September 3, 2009 seeking approval for the recovery of certain amounts related to an unforeseen loss of revenue. The Board has assigned the application file number EB-2009-0332. The Board's decision on this application may have an effect on all of the customers served by the Applicant.

Any change to the Applicant's distribution rates will cause the Applicant's delivery charges to change. Delivery charges are one of four regular items on residential and general service customers' electric bills and vary depending on the amount of electricity consumed.

The Applicant has applied for the recovery of unforeseen loss of revenue due to a change in operations on the part of one of its Large Use customers in the amount of \$2.8 million for the period May 1, 2008 to April 30, 2011.

If the application is approved as filed and the losses are allocated as the Applicant has proposed, residential customers consuming 800 kWh per month would experience an approximate 0.33% increase in their current delivery charges. This is a \$0.32 per month increase on their bill. General Service customers consuming 2,000 kWh per month and having a monthly demand of less than 50 kW would experience an approximate 0.36% increase in their current delivery charges. This is a \$0.80 per month increase on their bill.
