Board Secretary
Ontario Energy Board
2300 Yonge St, Suite 2701
Toronto ON M4P 1E4

Dear Ms. Walli:

**Board File No. EB-2008-0272 Hydro One Networks
2009-2010 Transmission Rates Case
Rate Application Supplementary Evidence**

Pursuant to Procedural Order No. 6, issued on September 18, 2009, Energy Probe Research Foundation (Energy Probe) has reviewed the response to interrogatories filed in respect of the Supplemental Evidence filed by the Applicant, as well as recent correspondence filed by the Canadian Manufacturers & Exporters (CME) and the Applicant.

Energy Probe wishes to advise the Board that it will not be submitting evidence. Energy Probe would prefer a written hearing if the Applicant produces a full response to the outstanding interrogatory request from CME. Failing that, Energy Probe submits a short oral hearing will be required to determine whether Hydro One had overestimated its revenue requirement for 2009 and 2010, which the Board will need to take into account in its decision on the timing of funding for D7 and D8

Should you require additional information, please do not hesitate to contact me.

Yours truly,

David S. MacIntosh
Case Manager
