Dear Mr Rodger:

Board File No. EB-2007-0680

**Toronto Hydro-Electric System Limited –2008 Rates Rebasing Application
Proposed Issues List**

Prior to attending Issues Day on October 4, 2007 for the above noted proceeding, Energy Probe Research Foundation (Energy Probe) requests a clarification from your client in respect of the Proposed Issues List forwarded by you to the Board Secretary on September 26, 2007.

During the Stakeholder Information Session held by Toronto Hydro on its Electrical Distribution Capital Plan, on July 10th, your client was responsive to questions concerning its Capital Structure. Energy Probe requests assurance that Toronto Hydro will respond to interrogatories on its Capital Structure either under Proposed Issue 5 or Issue 6. Failing that, Energy Probe will make submissions to the Board Panel to place Toronto Hydro's Capital Structure on the Issues List.

Should you require additional information, please do not hesitate to contact me.

Yours truly,

David S. MacIntosh
Case Manager
