Dear Ms. Walli:

**Re: Ontario Energy Board (the "Board")
File No. EB-2006-0305
Enbridge Gas Distribution Inc. ("Enbridge")
Application for a Leave to Construct Natural Gas Distribution Line
Toronto Portlands Reinforcement
Final Monitoring Report: North Section- Extension Request**

In Sections 3.1 and 3.3 of Conditions of Approval in the Board's Decision and Order issued on June 1, 2007, the Board required that Enbridge file a final monitoring report within 15 months of the in-service date of the project.

The in-service date for the North Section of the project was October 9, 2008 and this would make the final monitoring report due January 9, 2010. As it will be difficult to conduct a proper assessment during winter months and verify that there are no outstanding issues related to the project, Enbridge is requesting an extension to the filing date for the final monitoring report until May 2010.

If you require further information, please contact the undersigned.

Yours truly,
