Matter #: 08-938

By Fax – 1-416-440-7656

Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
P.O. Box 2319, 26th Floor
2300 Yonge Street
Toronto, Ontario
M4P 1E4

Dear Ms. Walli:

Re: EB-2009-0338
EB-2009-0339
EB-2009-0340

We act for 2195002 Ontario Inc. ("**Intervenor**").

Please accept this letter as a request by Intervenor to be granted Intervenor status in the Stanley Reef and Pipeline matters referenced above, and to be eligible for an award of costs.

The Intervenor is the holder of a valid PNG Lease and a valid Gas Storage Lease on the McKinley Lands which overlie 76.441% of the Stanley Reef, and accordingly is "a person with an interest in land that is affected by the process" as set out in article 3.03 of the OEB's Practice Direction on Cost Awards.

The Intervenor consents to the designation of the Stanley Reef if it is in the public interest to do so, but objects to Tribute's application to be appointed operator to inject, store and withdraw gas from the Stanley Reef. The Intervenor controls the majority of the mineral and storage rights on the Stanley Reef, and accordingly the Intervenor, and not Tribute, has the right to be appointed operator or to appoint the operator that will inject, store and withdraw gas.

Please reply to the selected office

37 Ridout Street S., London ON Canada N6C 3W7
 24 Hincks Street, St. Thomas, ON Canada N5R 3N6

Fax: 519-432-4811 **Tel: 519-679-6777**
Fax: 519-633-5211 **Tel: 519-633-6214**

We look forward to receiving confirmation that the Intervenor will be granted Intervenor status and be eligible for costs, and that the Board will reject Tribute's application to be appointed operator or rule that its application is premature pending outcome of Tribute's appeal to the Court of Appeal of the decision declaring both of its leases on the McKinley Lands terminated and vacated.

Yours very truly,
Chinneck Law
