The Lands

3. On June 1, 2007 in the Decision with Reasons in EB-2006-0305 the OEB granted Enbridge leave to construct 2 sections, the North and the South Section. The request for expropriation concerns three pieces of land owned by TEDCO and required to complete the South Section.
4. Enbridge requires permanent and temporary working easements as described below:

Reference Plan Number	Permanent Easement	Temporary Working Easement	Area (sq. metres)	Evidence Reference
66R-23139	Part 13	None Required	84.6	Ex. A, Tab 2, Sch. 3
66R-23130	Part 2	None Required	84.5	Ex. A, Tab 2, Sch. 4
66R-23128	Parts 1,2,3,4,5,6	Part 7	782.6 (Perm) 1,192 (Temp)	Ex. A, Tab 2, Sch. 5

5. It should be noted that Enbridge 66R-23128, Parts 2 and 3 (380.7 sq. metres) are subject to an existing easement owned by Enbridge for an existing distribution pipeline.
6. The lands on either side of the Shipping Channel (66-R-23139 and 66R-23130) are subject to 999 year leases in favour of Hydro One Networks Inc. and Ontario Power Generation Inc., respectively.

Expropriation - The OEB Act

7. Section 99 of the Ontario Energy Board Act (the "OEB Act") provides the Board with the power to grant a person the authority to expropriate land.
