**OF**

**VULNERABLE ENERGY CONSUMERS COALITION (VECC)**

To: Ms. Kirsten Walli  
Board Secretary

And to: Enersource Hydro Mississauga Inc.  
Attn: Kathi Litt

1. The Vulnerable Energy Consumers Coalition (VECC) hereby expresses its intention to intervene and participate in the above-mentioned proceeding. VECC consists of the following organizations:
  - (a) The Federation of Metro Tenants Association
  - (b) The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

2. The Federation of the Metro Tenants Association is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street  
Toronto, ON  
M5B 1L2

3. The Ontario Coalition of Senior Citizens' Organizations (OCSCO) is a coalition of over 120 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

500-3101 Bathurst Street  
Toronto, ON  
M6A 2A6

4. The name and address of the agent authorized to receive documents on behalf of VECC is:

Mr. Michael Bonaguro

(416) 348-0641 (fax)  
mbonaguro@piac.ca

5. VECC would request that all correspondence and documentation also be copied to VECC's consultant:

Mr. Bill Harper

Toronto, Ontario  
M5C 2X8  
(416) 348--193 (office)  
(416) 348-0641 (fax)  
bharper@econalysis.ca

6. VECC requests that copies of the Application and any additional supporting materials be forwarded to each of the two parties named above.
7. VECC is intervening in order to ensure that consumer interests and in particular the interests of the low-income and vulnerable users of electricity are fully represented in the determination of just and reasonable rates for 2008.
8. VECC notes that the decrease in residential bills referenced in the Notice of Application arises solely as a result of a change in the rate rider for recovery of regulatory assets. The 2008 deficiency in distribution revenues represents an increase of more than 10% over 2007 base distribution revenues. Based on a preliminary review, this appears to be driven by significant increases in both OM&A and capital spending over historical levels. Given this background and the fact that Enersource

Mississauga Hydro Inc. is one of the largest electricity distributors in the province (based on customer count), it is VECC's view that an oral proceeding is warranted in order to fully explore, at a minimum, the reasonableness of these increases.

9. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its Practice Direction on Cost Awards (Section 3.03).

DATED AT TORONTO, THIS 9<sup>th</sup> DAY OF OCTOBER 2007

Michael Buonaguro  
Counsel for VECC
