Dear Ms. Walli:

EB-2007-0722 – OEB Consultation on Electricity Distributors' Provision of Service and Application of Charges – Hydro One Networks Notice of Participation

In response to the Ontario Energy Board's September 6, 2007 letter to licensed electricity distributors, and other interested parties, I am confirming Hydro One Networks' intention to participate in the consultation on *Electricity Distributors' Provision of Service and Application of Charges*. Hydro One plans to be represented at the October 18, 2007 meeting by

- Barb Allen – Manager, Customer Care

and

- Russell Smith – Senior Regulatory Advisor, Compliance

and we are prepared to participate in any other manner that can provide constructive assistance to the Board and to other participants.

As noted in our June 15, 2007 submission of Hydro One's Conditions of Service (COS) for OEB Compliance Office review, we plan to update our COS document later this year. We will likely complete our update of the COS before the Board's Stakeholder Consultation is over. We look forward to participating in the process and to incorporating the conclusions from it in our policies and in subsequent updates of the Conditions of Service.

Hydro One is not eligible for and does not intend to seek an award of costs as per the Board's Cost Award Guidelines.

Finally, Hydro One requests that documents filed with the Board in this proceeding be served on Hydro One Networks as follows –
