### **DECISION AND ORDER ON A MOTION**

On August 22, 2008, Tillsonburg Hydro Inc. ("THI") filed its initial application with the Ontario Energy Board (the "Board") for an order approving or fixing just and reasonable rates and other charges for the distribution of electricity, to be effective May 1, 2009.

On October 6, 2009, the Ontario Energy Board (the "Board") issued its Decision and Order on Cost Awards, in which the Board made one adjustment to School Energy Coalition's ("SEC") cost claim. SEC's cost claim was reduced by 4.5 hours for Mr. John De Vellis to match the information filed with the cost claim.

On October 30, 2009 SEC filed a Motion to Review the Decision and Order on Cost Awards and submitted a revised cost claim.

The Board issued its Procedural Order No. 3 on November 16, 2009, and directed THI to respond to the SEC's motion by November 26, 2009. Any responses to THI's objections were to be filed with the Board and THI by December 3, 2009.

In a letter dated November 17, 2009, THI responded that it has no objection to SEC's corrected cost claim as it corrects for an error in the detail of the original submission.

### **Board Findings**

The Board accepts SEC's Motion to Review to include the 4.5 hours previously disallowed.

### **THE BOARD THEREFORE ORDERS THAT:**

Pursuant to section 30 of the Ontario Energy Board Act, 1998, Tillsonburg Hydro Inc. shall pay the School Energy Coalition an additional amount of \$1,035.00 to the amount awarded in the Board's October 6, 2009 decision.
