IN THE MATTER OF the *Ontario Energy Board Act 1998*,
S.O.1998, c.15, (Schedule B);

AND IN THE MATTER OF a Notice of Proceeding on
Natural Gas Storage Allocation Policies issued by the
Ontario Energy Board on August 28, 2007.

PROCEDURAL ORDER NO. 1

On November 7, 2006, the Board issued its Decision with Reasons in the Natural Gas Electricity Interface Review proceeding (the “NGEIR Decision”). One of the issues addressed in that decision concerned the methodologies used by Union Gas Limited (“Union”) and Enbridge Gas Distribution Inc. (“Enbridge”) to allocate cost-based storage to unbundled and semi-unbundled in-franchise customers. In the NGEIR Decision at page 90, the Board required Union and Enbridge to make certain filings concerning utility storage allocation policies for Board review. Union and Enbridge filed the information on February 2 and 6, 2007, respectively, and that information forms part of the evidence in this proceeding.

The Board decided not to begin its review of the storage allocation matters until the outcome of motions for review of the NGEIR Decision were known. On July 30, 2007, the Board issued its decision not to vary any aspect of the original NGEIR Decision.

On August 28, 2007, the Board initiated a proceeding to address the outstanding matters on storage allocation identified in the NGEIR Decision and invited parties to participate.

The Board has assigned file number EB-2007-0724 to the Enbridge proceeding and EB-2007-0725 to the Union proceeding. The Board, however, has decided to conduct the two proceedings together, pursuant to its powers under Section 21(5) of the Act.

The Board will now make provision for the following procedural matters. A case timetable is attached as Appendix A.

Please be aware that further procedural orders may be issued from time to time.

THE BOARD ORDERS THAT:

1. An Issues Conference will be convened to review a Draft Issues List with the objective of developing a Proposed Issues List for presentation to the Board. Board Staff's Draft Issues List is attached as Appendix B to this Order. The Proposed Issues List will be formulated and presented to the Board at the conclusion of the Issues Conference. The Proposed Issues List shall identify issues that are contested. The Issues Conference will be held in the Board's hearing room at 2300 Yonge Street, 25th Floor, Toronto, on Thursday, October 18, 2007 at 9:00 a.m.
2. An Issues Day proceeding will take place on Monday, October 22, 2007 at 9:30 a.m. in the Board's hearing room, at which time the Board will hear submissions with respect to any contested issues.
3. If Union or Enbridge wish to file additional evidence, that evidence shall be filed with the Board, and provided to all Intervenors, by Monday, October 29, 2007.
4. A Technical Conference shall be convened so that Union and Enbridge may respond to questions related to the evidence. The Technical Conference will be transcribed and will be held in the Board's hearing room at 2300 Yonge Street, 25th Floor, Toronto at 9:00 am. The date for Union will be Wednesday, November 7, 2007. The date for Enbridge will be Thursday, November 8, 2007.
5. The utilities will respond to any undertakings given at the Technical Conference on or before Friday, November 16, 2007.

- 3 -

6. Any party, with the exception of Union and Enbridge, wishing to file evidence shall file such evidence with the Board and all parties by Thursday, November 22, 2007.
7. The oral hearing will commence at 9:30am on Monday, November 26, 2007 at 2300 Yonge Street, Toronto in the Board's hearing room. The hearing is currently scheduled for up to three days including Tuesday, November 27 (11:00am start) and Monday, December 3, 2007.
8. A list of Intervenors is attached as Appendix C to this Order.
9. All parties shall file their submissions with the Board Secretary and must quote file number EB-2007-0724 and EB-2007-0725. These submissions should be made through the Board's web portal at www.errr.oeb.gov.on.ca, and consist of two paper copies and one electronic copy in searchable / unrestricted PDF format. Filings must clearly state the sender's name, postal address, telephone number, fax number and e-mail address and must be sent to the Board by 4:45 pm on the date indicated and copy all parties . Please use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at www.oeb.gov.on.ca. If the web portal is not available you may email your document to the addresses below. Those who do not have internet access are required to submit all filings on a CD or diskette in PDF format, along with two paper copies. Those who do not have computer access are required to file 7 paper copies. With respect to distribution lists for all electronic correspondence and materials related to this proceeding, parties must include the Case Manager, Colin Schuch at colin.schuch@oeb.gov.on.ca and Board Counsel, Michael Millar at michael.millar@oeb.gov.on.ca.

DATED at Toronto, October 12, 2007.

ONTARIO ENERGY BOARD

Original Signed By

Kirsten Walli
Board Secretary

APPENDIX A

Natural Gas Storage Allocation Policies Case Timetable

	Event	Date 2007
1.	Procedural Order No. 1	October 12
2.	Issues Conference	October 18
3.	Issues Day	October 22
4.	Issues List (Final)	October 23
5.	Union and Enbridge file updated evidence	October 29
6.	Technical Conference - Union	November 7
7.	Technical Conference - Enbridge	November 8
8.	Response to Undertakings	November 16
9.	Evidence of parties	November 22
10.	Oral Hearing	November 26, 27* and Dec 3. *11:00am start on Nov 27

APPENDIX B

Board Staff Draft Issues List

Natural Gas Storage Allocation Policies Union and Enbridge EB-2007-0724/ EB-2007-0725

1. What is the appropriate method or methods for the allocation of storage space to in-franchise customers at cost-based rates for reasonable load balancing purposes?
2. What is the appropriate level of storage deliverability available at cost-based rates to in-franchise customers for reasonable load balancing purposes?
3. Once a storage space allocation and storage deliverability level is set for an in-franchise customer, how and when would those amounts change in the event of changed circumstances by the customer?
4. What is the appropriate transition process for existing storage customers to adopt the new storage arrangements?
5. Should long-term storage contracts be conditioned to incorporate any future methodology?
