**Comment:**

Your full page B7 seems to have some misleading information in your advertisement in the MILTON CHAMPTION of November 13<sup>th</sup>, 2009 wherein the paper states over the printed signature of your Mr. JOHN PICKERNELL that a small residential customer of MILTON HYDRO will get a small decrease in their monthly bill of \$2.44 whereas your website [www.err.oeb.gov.on.ca](http://www.err.oeb.gov.on.ca) (which I went on to-day) states that there will be an INCREASE of 0.2% in the bill of a residential customer's bill.

Obviously, there is some problem.

I went to the MILTON HYDRO OFFICE to view the application but the person who was responsible was not there nor has he/she contacted me to respond to my request to view the application. Also, I could not find the detailed application on your web site nor on the web site of MILTON HYDRO.

I would like to see the application to verify the truth.

**Response:**

Mr. Greenfield attended the office of Milton Hydro on the morning of December 8, 2009 and met with Mr. Cameron McKenzie, Director Regulatory Affairs. At this time it was brought to Mr. Greenfield's attention that the reference to the Notice of Application and Written Hearing, a copy of which was submitted with his comments to the OEB, was for an application filed by Milton Hydro on October 30, 2007, two years prior to Milton Hydro's current application filed on October 23, 2009.

Mr. Greenfield was provided with Milton Hydro's current application and afforded the opportunity to ask questions and seek clarification. The responses provided to Mr. Greenfield appeared to be to his satisfaction and the meeting concluded with no further questions.
