Attention: Ms. Kirsten Walli
Board Secretary

Dear Ms. Walli:

RE: EB-2007-0708

**Union Gas Limited - Leave To Construct - East Windsor Cogeneration
Centre, Windsor, Ontario**

We are the solicitors for East Windsor Cogeneration Limited Partnership, the proponents of the above noted Cogeneration Centre.

We received the Notice of Application outside the time period for filing a Notice of Intervention; however as the Union Gas Application is made to serve our client's proposed facility, it is of great importance to our client and it does wish to intervene in the Application.

This facility is designed to supply a large Ford Motor Company facility with power, thereby favourably impacting its cost of doing business and thereby benefiting the Ontario public interest by maintaining the Ford Manufacturing Plant in Windsor.

It is therefore our respectful request that East Windsor Cogeneration be granted Intervenor Status.

We have conferred with the Applicant and they have no objection to our client being granted Intervenor Status.

I have prepared a draft Intervention and so would be in a position to serve and file our Intervention within two days of the Board granting such an extension of time in order to file our Intervention.

Please accept this as our formal request for an extension of time allowing East Windsor Cogeneration LLP to file an Intervention.

I remain,

Yours truly,

A handwritten signature in black ink, appearing to read "DASulman".

Douglas A. Sulman, Q.C.
