Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2009-0271 – Oakville – Submissions on Confidentiality

We are counsel for the School Energy Coalition in this proceeding. We have reviewed the confidential interrogatory responses delivered to us by the Applicant yesterday. Subject to one caveat, below, we have no objection to these documents being declared confidential for the purpose of this proceeding.

Our one caveat is that all of each document is being declared confidential, but in some cases large parts of the document are clearly not confidential in nature. For administrative ease, we accept the proposal of the Applicant to treat all of each document as confidential, but during the course of the remaining process, including the oral hearing, if it appears that excluding the non-confidential portions from that designation would be simpler, we would expect that the Board retains the discretion to do so.

All of which is respectfully sub/mitted.

Yours very truly,
JAY SHEPHERD P. C.
